Received my Lower and Proficiency certificate

Motion Design School- eLEARNING
Science of Character Animation by Markus Magnusson

Aaron Blase- eLEARNING
-Acting for Animation
-Drawing Human Anatomy for Artists
-Animation Scene Approach

Work History

Post Office Studios October 2020 - January 2021

I was commissioned as a 2D cel animator for Post Office Studios and was responsible for making an 8 second animation. I was mostly hired as a character animation using Toon Boom but I was later assigned to animate FX. From my time there I gained experience on working in a proffessional environment and proved to be able to meet tight deadlines while taking directions and adapting to the production style.

NUA September 2018 - February 2019

Student ambassador at Norwich University of the Arts. I was responsible for interacting with people interested in the University and provide them with information regarding their studies.
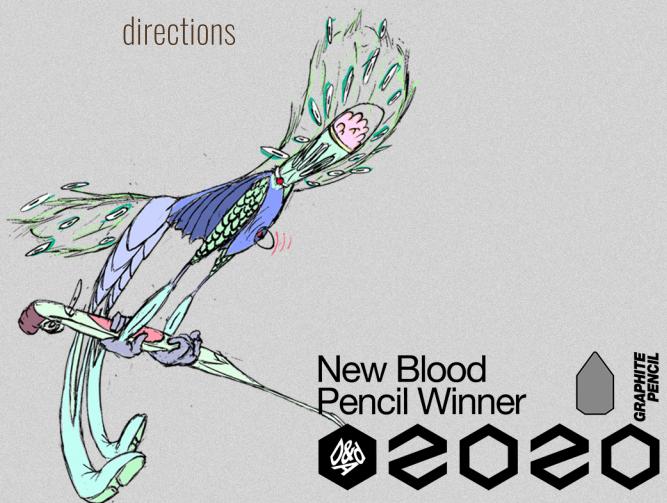

Software

-Tv Paint

-Toon Boom

-Photoshop

-Aftereffects

-Premier Pro

Language

-Greek-Native speaker

-English-Proficient

-German-Beginner

Core Skills

-Professional experience in frame by frame digital Animation

-Able to adapt in a variety of styles to match the production needs

-Fast learner when it comes to learning new software and taking on new roles

-Exelence in working on a team and taking directions
